PROJECTS

TASKFORGE- <https://taskforgeio.netlify.app/>

- TaskForge is a modern project management web application UI designed to help users organize, track, and manage their projects in a clean and intuitive way.
- It simulates a real SaaS onboarding flow where users can sign up and land on a personalized projects dashboard — giving a smooth “real product” experience.

SheWorks- <https://sheworkss-khushi.netlify.app/>

- women-focused empowerment platform designed to provide safety, awareness, and access to government schemes. It helps women connect with essential resources like SOS emergency support, welfare schemes, and community assistance in one place.
- The platform aims to promote safety, independence, and empowerment for women through technology.
